ABSENT: J. McFearin

ALSO PRESENT: Ted Yates, Mayor
David Maistros, Law Director

Shannon Collins, Clerk of Council

CAUCUS:

The caucus meeting was called to order at 7:00 pm.

Presentations:

Jim Susnik from the VFW spoke to council about permission to request a piece of military memorabilia for Veteran Park. The Post would like to apply however they cannot ask for something particular. They must wait and see what is offered. Mr. Susnik stated that he would suggest that council include in their motion that once the VFW know what is offered they will come back to council for final approval. Mr. Susnik also stated that the cost of acquiring and maintaining the memorabilia will be the VFW's responsibility.

Mr. Maistros stated there may be some site approval required through planning. He stated if council approved that the VFW let the city know when they hear something so that process could start.

Mr. Scaffide asked if they were looking at more than one item to place at the park. Mr. Susnik stated there is really only room for one piece.

Council discussed the VFW for applying for memorabilia and will make a motion during the regular council meeting for approval for the VFW to apply and include Mr. Susnik's recommendation.

No further presentations this evening.

Items for Discussion:

Mr. Maistros stated that he wanted to discuss the Tobacco 21 initiative. He stated a few meetings ago Sheila Williams came to council to discuss this. Mr. Maistros stated he thought they were asking for a resolution showing support for this issue but what was really being asked for was that the city change their law to change the age to purchase tobacco from 18 years of age to 21.

He wanted to bring it to council so they know we have not forgot about this topic. He stated he has spoken with Chief Noga regarding some potential enforcement issues. He is hoping to get some further clarification and bring to council at a later date.

No further items for discussion this evening.

Ordinance 28-2018 – Approval of Auction Items

Ordinance 44-2018 – Amending 151 regarding Environmental Commission

Ordinance 45-2018 – Amending Salary Ordinance

Kolette Woloszynek, Human Resource Director stated there are additional positions needed for the clubhouse, there is also a slight bump in the Part-Time Firefighter position.

Mr. Furey stated that he met with the Mayor, Law Director, Parks & Rec Director and also spoke with Human Resource Director about the Part Time Event Staff position. All agreed that this person could fall under the Seasonal Part Time position but that position's compensation would need to be adjusted to reflect the higher pay. Mayor Yates stated this would help retain some lifeguards also because our pay is not competitive with surrounding areas. Mr. Barr brought up if you raise the Seasonal position then they will be making more than the Seasonal Manager.

Mr. Steele mentioned that he has a concern for the rates of pay for the Executive Sous Chef and Sous Chef. He stated if they are full time and we also provide benefits he feels the rate is on the higher end of similar places in the area. He understands the need to pass this and advertise for positions but also has concerns about the amount of money being spent on salaries at the clubhouse.

Mrs. Stauffer asked if this had to be passed this evening and it was decided it could wait until next meeting. Mr. Furey stated he thought the mayor was planning to have a business review of the clubhouse for everyone at the next meeting and this might help answer some questions.

Mr. Scaffide stated what about back to Mr. Barr's point of the seasonal manager making less than the seasonal position. Mr. Schroeder stated that he is fine leaving the rate the same as it is for the manager position. The higher pay would be for working an additional event and only getting that rate for those hours.

DEPARTMENT HEAD REPORTS:

Jim Roberts – Director of Golf Maintenance

- The golf course came out of winter very good considering the weather we had over the last several months and we plan on opening the course for play this Thursday.
- Winter maintenance is complete on equipment and everything is ready for the season. Also, the golf course accessories such as tee markers, benches, ball washers, flagsticks, and trash cans have all been cleaned up and painted. Our main focus now is preparing the golf course for opening and getting the greens, tees, and fairways in nice shape.
- We have been taking advantage of good weather days and were able to get out on the course and pick up debris from some of the storm events that came through and also continue to remove poor condition ash trees.
- This year, as some of you may know the nines are going to be reversed meaning hole #10 is going to be hole #1, so we removed the existing hole location signs from all the tee boxes and installed new ones. The new signs indicate the proper hole number, yardages, and have the new logo on them. Also, a new fairway yardage marker system is going to be implemented this year as well.
- On tonight agenda there's legislation for approval to purchase a new mower that will replace an existing 2001 unit which was discussed earlier and we hope to have it in use this spring.
- Lastly I'm working on seasonal hires getting the crew ready for the year and if the weather takes a turn for the bad after we open on Thursday, we'll be open on a day to day basis if the course becomes too wet and is unplayable.

Chris Noga – Police Chief

- This week is National Public Safety Telecommunicators Week, a time for us to recognize and say thanks to those who work in public safety communications centers across the country. They are the gateway to public safety services – the first to take the call but the last to know the outcome. This “thin gold line” is the behind-the-scenes glue that holds police and fire/ems services together; they are the calm voices in the dark night and yet, they often do not receive the thanks that they deserve – for calming a frightened child, for providing life-saving CPR instructions to a caller, for asking the right questions in order to provide crucial information to first responders answering a critical call.
- We are fortunate to have an elite group in our communications center that works in partnership with the Twinsburg Police Department and the Twinsburg Fire Department. I would like to recognize Communications Supervisor Christine Yakopovich and her staff:
 - Dispatcher Loretta Nash
 - Dispatcher Ron Good
 - Dispatcher Jennifer Vecchio
 - Dispatcher Kelly Brokaw
 - Dispatcher Chris Fried
 - Dispatcher Pati Toronski
 - Dispatcher Miriam Stubbs
 - Dispatcher Jackie Brummer
 - Dispatcher Lyndsi McGann
 - Dispatcher Meghan McGowan
- Without them, our jobs would be impossible. Thanks to all of them for their dedication and service to our community.
